

RV Safety Check

The Camplify RV Safety Check is a vital component of having your RV listed on Camplify. It is used to ensure that all RVs listed on Camplify are safe and roadworthy.

In addition to the safety requirements required by each country and state (where applicable), Camplify owners are required to complete this checklist.

This is to be completed during the annual inspection by a registered mechanic or inspector.

RV Owners must present the completed checklist to Camplify when requested. Failure to do so will result in the RV being temporarily disabled on the platform until the inspection is completed and proof provided.

Inspection Date: <i>[DD/MM/YYYY]</i>	
RV Owner: <i>[Full Name]</i>	
RV Registration/ID Number: <i>[Rego/Camplify RVID]</i>	
Mechanic/Inspector: <i>[Full Name]</i>	
Inspection Location: <i>[Address]</i>	

Rating Key:

A - Satisfactory / Pass

B - Service Soon (within 6 months, non-urgent minor structural and safety items)

C - Priority / Service Now (Major structural and safety items)

Lighting and Electrical Systems (All RV Types)

Item	Description	A	B	C	Comments
Taillights Test	Ensure operational with correct red light emission.				
Brake Lights	Verify activation upon brake application.				
RH Blinker	Check right-hand blinker flashes consistently.				
LH Blinker	Check left-hand blinker flashes consistently.				

Number Plate Light	Confirm clear illumination of the number plate				
Electrical Test	Inspect all wiring and electrical systems.				
Battery Tests	Test battery voltage and charge holding ability.				

Structural Integrity (All RV Types)

Item	Description	A	B	C	Comments
Lamination of Roof	Examine for peeling, separation, or leaks.				
Signs of Water Damage	Look for staining, mould, or soft spots.				
Internal Walls	Check for structural soundness and absence of damage.				
External Panels	Inspect for dents, damage, and panel integrity.				
Exterior Condition	Assess for damage or deterioration.				
Chassis	Examine for rust, damage, and structural integrity.				
Signs of Damage	Record visible damage affecting safety/performance.				
Wheels	Ensure wheels are in good condition and attached.				
Tyres	Check tread depth (no less than 1.5mm), no sidewall damage, correct pressure. Please declare tread depth including spare.				

Wheel Bearings	Listen for noises and check for play.				
Wheel Studs	Ensure studs are present and not damaged.				
Stabilisers	Check stabilisers are operational and in good condition.				
Any Signs of Rust	Inspect for rust on critical components.				

Safety Equipment (All RV Types)

Item	Description	A	B	C	Comments
Fire Blanket	Ensure fire blanket is accessible and in good condition.				
Fire Extinguisher	Check for in-date, accessible, correct pressure.				
Gas Detector	Test for functionality and responsiveness.				
Spare Tyre	Inspect spare tyre for readiness and condition.				

Gas and Plumbing (All RV Types)

Item	Description	A	B	C	Comments
Bottles in Date	Verify gas bottles are in date and secured.				
Gas Leak Test	Perform test for gas leaks.				

Comfort Systems (All RV Types)

Item	Description	A	B	C	Comments
Air Conditioning	Test air conditioning for operation and efficiency.				

Driveable RV Specific Checks

Item	Description	A	B	C	Comments
Oil Quality	Check oil level and quality.				
Seat Belts	Verify presence, condition, and operation.				
Exhaust	Check for significant leaks or emissions that are visibly or environmentally hazardous.				
Radiator Coolant & Fluid	Check for contaminated coolant or critically low fluid levels.				
Windscreen	Check for cracks or damage that impairs the driver's vision.				
Hand Brake	Failure to engage fully or maintain vehicle stationary when applied.				

Odometer Reading: <i>[kms]</i>	
--------------------------------	--

Towable RV Specific Checks

Item	Description	A	B	C	Comments
Tow Hitch	Check for excessive wear, corrosion, or damage that prevents secure connection.				
Safety Chains	Check cables are properly connected and free of damage.				

Comments/Additional Observations:

Inspector's Declaration:

I, _____, certify that the above inspection has been carried out in accordance with the Camplify RV Safety Standards and Procedures. All items have been checked and rated accordingly. Any items marked with a "C" will require immediate attention as per the outlined standards.
