

Specialised Accommodation Solutions

Who is Camplify?

Camplify is a publicly listed company headquartered in Newcastle, NSW. It is the world's leading peer-to-peer digital marketplace for caravans and recreational vehicles.

We connect RV owners with holiday makers across Australia, New Zealand, Germany, Austria, the Netherlands, Spain, and the United Kingdom. Currently, we assist over 32,000 van owners globally in sharing their vehicles for holiday trips or temporary accommodation.

Camplify Commercial

Camplify Commercial is an arm of the business dedicated to providing specialised accommodative solutions to businesses & corporate entities, groups & events, emergency accommodation & insurance.

Our Commercial division offers a fleet of fully equipped caravans and high-quality tents, ensuring immediate and adaptable accommodation solutions for employees, contractors, event attendees, families and volunteers.

The commercial hire of caravans and tents for short or long-term accommodation needs includes a comprehensive service for booking and managing accommodation, making it an ideal solution for various situations.

Our dedicated service provides specialised accommodation solutions for B2B partners.

Since 2018, Camplify has built strong partnerships with insurers, reservation groups, government agencies, and event organisers across Australia to provide versatile accommodation solutions.

With our fleet of mobile tents and network of caravans available nationwide, Camplify Commercial can cater to even the most remote areas, where traditional accommodation options may be unavailable or in high demand.

Caravan Fleet

Nationwide Delivery & Setup

The Camplify Commercial Caravan Fleet operates nationwide and can be mobilised and delivered for both small and large scale enquiries.

All Caravans are delivered and set-up on site and offer a turn key solution.

They provide an ideal solution for:

- Staff & Employee Accommodation
- On-site and mobile office/kitchen space
- Emergency Accommodation
- Attendee accommodation close to festival action

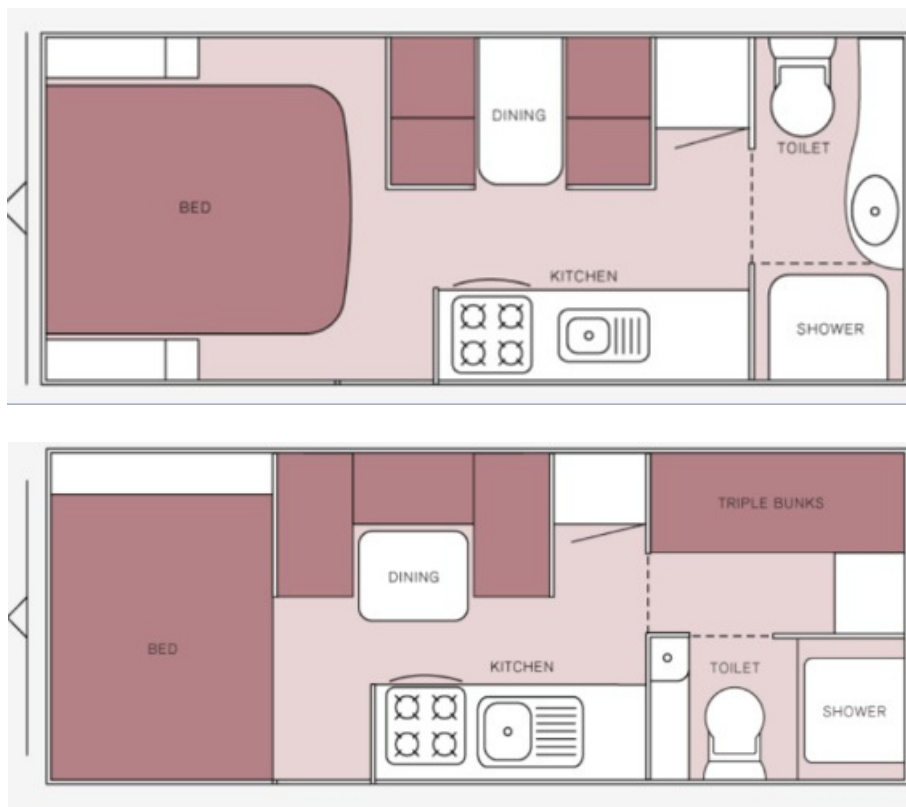

What's Included in the Caravan?

The Camplify Commercial caravan fleet are modern and fully equipped with everything you need, offering the comfort and convenience of a small apartment with all the latest amenities.

- Fully Equipped Kitchen
- Queen Bed
- Air Conditioning/Heating
- Linen
- Ensuite- Shower & Toilet
- Lounge & Dining
- TV
- Standard Inventory

Inventory items can be removed and/or tailored to meet our clients' needs and requirements on consultation.

Our caravans offer a range of sleeping arrangements and standard inclusions. With multiple van layouts, our caravans can comfortably sleep anywhere from 1-5 people, providing you with flexibility for a variety of bedding configurations.

Tent Accommodation

Camplify Commercial is a leading provider of high-quality tents in the event, group and emergency response industries. We efficiently build large-scale tent villages in a quick time frame.

Our tents are spacious and well-ventilated offering a budget-friendly option for those looking to stay on-site. They provide a communal camping experience for attendees, employees, volunteers and performers.

Our major focus is on the quality of our equipment and service. We guarantee the best available equipment, which is recycled regularly to maintain a high standard.

We're proud to offer our quality accommodation at Australia's biggest festivals, including Splendour in the Grass, Falls Festival, CMC Rocks QLD, Spilt Milk, Big Red Bash and many more.

High Quality Camping Equipment

Camplify Commercial offers tailored tent packages complemented by a range of high-quality equipment, including beds, chairs, linen, lanterns and tables, to ensure ultimate comfort for it's guests. We provide quick set-up and delivery service that ensures the tent village is ready to go in no time.

Our pre-pitched canvas tents are spacious and well-ventilated, featuring large screened windows and durable sewn-in floors. The beds are sturdy yet exceptionally comfortable, providing an ideal solution for events.
